SentinelOne

Singularity™ AI SIEM

Detect and respond to threats in real-time with the scalable, automated, and blazing-fast Singularity™ AI SIEM

Designed for the autonomous SOC, AI SIEM empowers your analysts to operate at peak efficiency. Leveraging the advanced AI and automation capabilities of the SentinelOne Singularity™ Data Lake, you can enable your SOC analysts to detect and respond to threats faster allowing you to then allocate resources more effectively to improve your overall security posture.

Security at the Speed of AI

Secure your organization with SentinelOne in whichever way works best for you. This platform possesses the functionality to supplant or replace expensive, cumbersome, and slow legacy SIEM systems with a scalable, automated, and high-speed Singularity™ AI SIEM or uplevel your security with a phased approach.

Overhaul Your SIEM From Top to Bottom

- Gain real-time AI powered protection for the entire enterprise
- Move into a cloud-native AI SIEM
- Take advantage of limitless scalability and endless data retention
- Accelerate your workflows with Hyperautomation
- See significant cost savings with even more product functionality

Bring Your SIEM Into the Future at Your Own Pace

- Augment and integrate SentinelOne into your SOC
- Ingest all excess data and keep your current workflows
- Filter, enrich, and optimize the data in your legacy SIEM
- Introduce AI-based, real-time protection
- Lower your security costs while gaining more robust protection

100x
Faster Than Legacy SIEM

50%
Lower Operational Costs

246%
Return on Investment

99%
Reduction in Risk Exposure

Lower Costs. Greater Value.

+ Store your data for as long as you need
+ Schema-free and no indexing
+ Exabyte scale that can handle any data load
+ Allocate resources more effectively

Singularity™ AI SIEM Key Features

Incident Response

Accelerate your incident response with automated playbooks. Our SIEM solution provides step-by-step guidance for handling threat scenarios, ensuring consistent and effective responses.

Threat Intelligence Integration

Enhance your security operations with integrated threat intelligence. Stay informed about the latest threats and vulnerabilities and proactively defend against potential attacks.

AI-Enhanced Detection

Leverage the power of AI to detect even the most sophisticated threats.

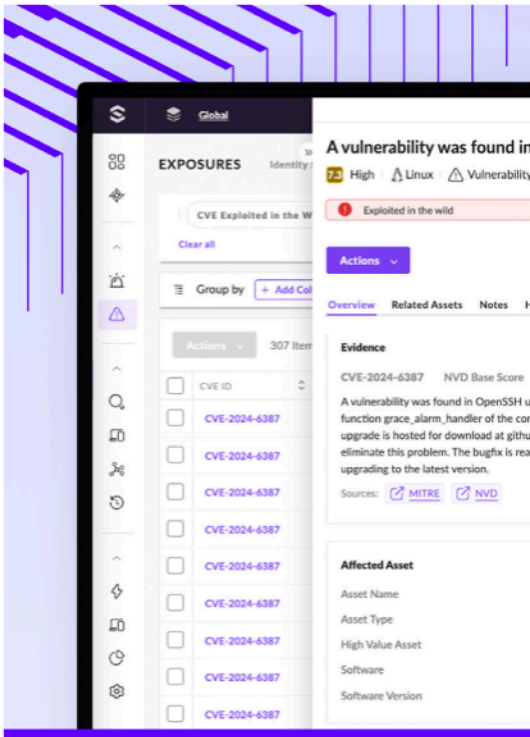
Our advanced algorithms analyze vast amounts of data, identifying patterns and anomalies that traditional SIEM solutions might miss.

Real-Time Visibility

Achieve real-time visibility into your security environment. Our intuitive dashboard provides a comprehensive overview of all security events, enabling swift and informed decision-making.

Automated Workflows

Automate and accelerate repetitive tasks and streamline security workflows. SentinelOne AI SIEM reduces manual intervention, allowing your team to focus on more strategic initiatives.



Why Choose SentinelOne AI SIEM?

Unmatched AI Capabilities

Protect your organization from business disruption by staying ahead of emerging risks. Our AI-driven SIEM continuously learns and adapts, providing real-time detection and response.

Seamless Integration

Limit blind spots by enhancing visibility and control across your environment. SentinelOne AI SIEM integrates effortlessly with your existing security infrastructure.

Scalable & Flexible

Ingest all your security and IT data, from any source, and store for as long as needed – no rebalancing nodes, expensive retention management, or reallocating resources.
